## DETAILED ACTION

### *Response to Amendment*

1. The amendment filed 2/17/09 has been received and made of record. As requested, claims 1-31 have been cancelled and new claims 32-38 have been added.

### *Claim Rejections - 35 USC § 102*

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 32-38 are rejected under 35 U.S.C. 102(b) as being anticipated by WO93/06144 ("Gangadharan").
4. As regards claims 32-38, Gangadharan discloses adhesive products capable of use with medical patches or transdermal therapeutic systems (page 1, lines 5-15). The adhesive comprises a moisture activated adhesive composition and a hydrophobic adhesive polymer core (psa polymer component), wherein the psa component can be a polyacrylate (page 2, lines 21-29) and at least one component such as polyethers and acid anhydrides including acids salts of acid anhydrides such as methylvinyl ether/maleic acid copolymers (page 3, line 21- page 4, line 4) or a cellulose derivative such as carboxymethyl cellulose (page 3, lines 31-33).

***Response to Arguments***

5. Applicant's arguments with respect to claims 32-38 have been considered but are moot in view of the new ground(s) of rejection. Applicant should additionally note that while claims 30-31 were indicated as allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims, Applicant's new independent claims 32 and 36 did not contain all of the limitations of the base claim and any intervening claims.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
